NOTICE OF PROPOSED RULE MAKING**Adopted:** May 9, 2000**Released:** May 10, 2000

Comment Date: July 3, 2000

Reply Comment Date: July 19, 2000

By the Chief, Video Services Division:

1. The Commission has before it a petition for rule making filed by the University of Illinois Board of Trustees ("the University"), licensee of noncommercial educational station WILL-TV, NTSC Channel *12, Urbana, Illinois. The University requests the substitution of DTV Channel *9 for its assigned DTV Channel *33 at Urbana.

2. In support of its proposal, the University states that adoption of its proposal will allow station WILL-TV to preserve its limited resources. It asserts that the cost of the physical plant changes to implement a UHF channel allotment would be much more with a UHF Channel *33 assignment than for a DTV Channel *9 facility. The University claims there would be a total savings of \$500,000 if the University constructed a VHF Channel *9 facility. Moreover, the ongoing savings in operating and maintenance of VHF station as compared with DTV Channel *33 could exceed \$125,000 per year. The University states that these savings could be applied to the station's other public interest responsibilities, with no decrease in signal quality for its viewers.

3. We believe petitioner's proposal warrants consideration. DTV Channel *9 can be substituted for DTV Channel *33 at Urbana, Illinois, as proposed, in compliance with the principle community coverage requirements of Section 73.625(a) at coordinates 40-02-18 N. and 88-40-10 W. In addition, we find that this channel change is acceptable under the 2 percent criterion for de minimis impact that is applied in evaluating requests for modification of initial DTV allotments under Section 73.623(c)(2). We propose to substitute DTV Channel *9 for DTV Channel *33 for station WILL-TV at Urbana, Illinois, with the following specifications:

State & City	DTV Channel	DTV power (kW)	Antenna HAAT (m)
IL Urbana	*9	30	302

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>City</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Urbana, Illinois	26, *33	*9, 26

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

6. Interested parties may file comments on or before July 3, 2000, and reply comments on or before July 19, 2000, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner, or its counsel or consultant, as follows:

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the TV Table of Allotments, Section 73.606(b) and 73.622(b) of the Commission's Rules. See Certification That Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981. The Regulatory Flexibility Act of 1980 would also not apply to rule making proceedings to amend the DTV Table of Allotments, Section 73.622(b) of the Commission's Rules.

8. For further information concerning this proceeding, contact Pam Blumenthal, Mass Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes

an ex parte presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.
